14.0 Guidelines for Re-Marking Examination Scripts

14.1 Preamble

Examinations moderated by External Examiners shall normally not be contested. Only in extreme cases and where the student has failed will the Senate permit re-mark of examination scripts provided the guidelines that follow have been strictly adhered to.

14.2 Guidelines

14.2.1 If a registered student contests his/her Examination grade in a course, the following guidelines shall apply;

- (a) The student shall submit an application in a standard letter to the Registrar within two weeks the official date of publication of Examination Results.
- (b) The Registrar shall convene a meeting of the Dean of the School, Lecturer of the School, Head of the Department and the student/appellant to explain the procedures undertaken in the marking of the examination scripts in that course and the relevant regulations applied to reach the student's final result.
- (c) If the student/appellant still feels unsatisfied with the explanation given in (b) above, and insists on the re-marking of his/her script(s), he/she shall make a second application on Form AC10 to reach the Registrar within two days of the meeting mentioned in (b), the Form AC10 shall be submitted together with a non-refundable deposit which shall be determined by the Registrar from time to time.
- (d) When the student collects Form AC10, the Registrar shall inform the student of the implications of remarking the script(s) clearly highlighting the non-refundable cost as outlined in (g) below.
- (e) If the student agrees to pay the amount involved in the re-marking process, the Registrar shall inform the Internal Examiner and the original External Examiner of the course that their marking is being contested.
- (f) The Registrar shall ask the Department to identify a second External Examiner within the region who will, after approval by Senate, be appointed in writing, to carry out the re-marking of the student's script(s).
- (g) The Registrar shall itemize the cost involved in the re-marking of the examination script(s) taking the following into consideration:
 - (i) Correspondence with original External Examiner and Internal Examiner.
 - (ii) Correspondence with prospective new External Examiner.
 - (iii) External Examiner's travel expenses.
 - (iv) External Examiner's upkeep including hotel accommodation.
 - (v) External Examiner's honorarium at the current rate, etc.

14.2.2 The cost shall be communicated to the student concerned, who shall be required to pay in full the amount involved in the remarking of his script(s) before any further action can be taken. If payment is not received within 10 days of the date of the letter, the student will be deemed to have abandoned his re-marking request and accordingly forfeit the deposit. No further correspondence shall be entertained.

14.2.3 Once the full amount has been paid, the External Examiner in the course concerned shall be invited to come to the Institute to conduct the re-marking of the student(s) script(s). If this is not possible, the University shall deliver to the External Examiner the examination question paper, the marking scheme for the course, the student's examination script(s) and a sample of other students' scripts in that course.

14.2.4 The new mark assigned by the External Examiner shall be subject to Senate approval, and thereafter there shall be no further contesting of the grade.

15.1.2 The award of an Aegrotat Degree shall be without classification.

15.2 Where a student qualifies for an Aegrotat Degree, he/she may opt instead to write a special examination in order that an overall grade may be determined and formally credited to the student. Application for such an option must be submitted in writing to the Registrar not later than four weeks before the scheduled examinations.

15.3 The Senate may require any candidate, irrespective of his/her Programme or School, whose examination performance has been adversely affected by sufficiently substantiated circumstances of 'force majeure' nature to write a special examination at an appropriate future date, normally not later than three months after the date of the last examination missed.

In such a case, unless otherwise stipulated by the Senate, the mark obtained in the special examination will be counted in the overall assessment for purpose of degree classification.

Exceptionally, such special examinations may be permitted by the Senate on the recommendation of the Board of Examiners for candidates in respect of their performance in a special examination. In such cases, the mark obtained in the special examination shall be a pass or fail.

15.4 A candidate who wishes to be considered for an Aegrotat Degree must apply in writing, together with written substantiation for his/her case, to the Registrar normally within ten days of the end of Institute examinations for the Programme concerned. Appeals which are submitted on medical grounds must be supported by a certificate from a medical practitioner registered in terms of the appropriate Act.
