Acceptance Certificate

Authors are issued an Acceptance Certificate for manuscripts that have been reviewed and accepted for publication by an editor.

Copyright

Authors will be asked, upon acceptance of an article, to transfer copyright of the article to the Publisher. This will ensure the widest possible dissemination of information under copyright laws.

Review Process

The objective is to provide detailed, constructive feedback on submitted papers and publish high quality papers within a very short period of time. The target for a first reply is not more than three months. You may be requested by the Editor to submit a revision.

Proofs

Prior to publication, a proof is sent to the corresponding author. Authors are advised to read the proof and correct minor typographical or grammatical errors. Authors should promptly return proofs to the editorial office.

Publication

Once proofs are received at the editorial office, the manuscripts are usually included in the next issue of the journal. The article will thereafter be published in the journal.

Publication Notification

After the article is made available in the journal's website, a publication notice is sent to the corresponding author via email.

Additional Information

Editors of the Journal reserve the right to accept, reject and edit any article in any stage, if necessary. The sole responsibility for the whole contents of the article remains only with the authors.
